## Here's some inspiration from the Centipede

"I've eaten many strange and scrumptious dishes in my time,  
Like jellied gnats and dandyprats and earwigs cooked in slime,  
And mice with rice – they're really nice  
When roasted in their prime.  
(But don't forget to sprinkle them with just a touch of grime.)"

"I'm mad for crispy wasp-stings on a piece of buttered toast,  
And pickled spines of porcupines. And then a gorgeous roast  
Of dragon's flesh, well hung, not fresh –  
It costs a pound at most.  
(And comes to you in barrels if you order it by post.)"

"I crave the tasty tentacles of octopi for tea  
I like hot-dogs, I LOVE hot-frogs, and surely you'll agree  
A plate of soil with engine oil's  
A super recipe.  
(I hardly need to mention that it's practically free.)"
